Overview

Welcome

We here at Sudo-Code Software would like to thank you for taking the time to download an installation manual. It is so important for the feckless youth of today to learn to RTFM - am I right?

Anyway, this game is probably going to be the simplest thing you downloaded since U2's Songs of Innocence.

While I have your attention, I'm going to list off a few albums I think were really good to listen to at the time of making this manual:

- To Pimp A Butterfly by Kendrick Lamar
- Super Ape by Scratch & The Upsetters
- Surf by Donnie Trumpet & The Social Experiment
- Acid Rap by Chance The Rapper
- Cadillactica by B.I.G. KRIT
